EXTRAORDINARY. EFFECTIVE. JOIN ROTARY IN ENTERPRISE DEVELOPMENT.

Invitation to the Economic Development Conference

Newsletter 1 : October 2015

Rotary Districts of Southern Africa invite you to join the dialogue on economic development on Saturday, 27 February in Cape Town, South Africa, where the 2016 Rotary International Presidential Conference on Economic Development will be hosted.

A primary goal of the 2016 Rotary Economic Development Conference is to provide solution driven guidelines that can be piloted and implemented after the conference, initially in Southern Africa, then internationally.

The conference will be a catalyst to maximise the resources in Rotary's local and international networks, linking partners which operate in effective job-related economic and entrepreneurial enabling activities, with those entering the workplace, especially in small business enterprises.

Rotarians, leaders of government, business, civil society and communities who are keen to identify partners and find long-term solutions for improving economic development are invited to attend this conference so they can partner and work with us to find solutions to the challenges, with the focus on economic enablement of our youth.

PDG June Webber, Chair, Host Organising Committee
